You're here!

You made it so quickly ! Ok, so let me tell you everything. I've written everything down in chronological order to make it easier for you, detective. Our wedding is on the 24th of August, and ever since we got here - a lot went wrong!

Aug 12 - All the mess starts with Gail's flight getting delayed

Aug 14 - If that's not enough - the caterers cancel out of nowhere

Aug 16 - Super planner Jana finds a new caterer! Phew!

Aug 18 - Latest disaster - our dreams of spending the honeymoon in an Elegant suite were squashed when the room got double booked

So here's what I need your help with to save my wedding!

1. Find if anyone is hiding any secrets
2. Establish who might want to sabotage our wedding
3. Help fix everything that went wrong

I hope you don't mind - I asked your detective agency to upload any material you may need to your room's cloud.

There are also a lot of documents in Theo's and my room (701). The password is somewhere in this letter. START at the timeline.

♡ Best, Gabby
